

Product Info

The ClaimEZE™ Appraisal Tracking System is the solution to all of your assignment tracking needs.

ClaimEZE Module	Features
 Office Management	The Office Management module tracks all insurance assignments from their entry into the system, to the electronic delivery of the status', estimates, photos, reports and invoicing to insurance companies. ClaimEZE (Appraisal Tracking System) automates claim assignments to appraisers/adjusters based on geographic location, provides status tracking, electronic delivery of reports, invoicing and much more.
 Appraiser/Adjuster	The Appraiser/Adjuster module allows appraisers/adjusters to receive and track their assignments. It provides up-to-date status and electronically allows them to submit estimates, photos and reports.
 Insurance	The Insurance module allows the insurance adjusters to electronically track status', estimates, photos and reports.
 Account Tracking	Automatically keeps track of all accounts receivable, accounts payable, adjuster/appraiser payments, insurance invoicing and reports
